Right to Information Act came into force on 1st July 2009. Research Initiatives Bangladesh (RIB) finds that there is an opportunity to implement this act to eleminate conspiracy, ensure transparency and empower the people specially the marginalized community. From this belief RIB has started working wih RTI. RIB has built a website for RTI on continiuation of its work. As the native language and mother tongue of maximum people is Bangla for that reason the language of this website is Bangla. From this website anyone can know about the act, how s/he can use it, how to apply for information, how RIB is working with RTI etc. **To visit the website please click the following link.**
